AGENDA

School Bus:

To take the School Council onto the 'Bus' to look around and start to think of ideas for the design and name of the bus.

.....

MINUTES

The whole school council went on to the bus and had a good look around upstairs and downstairs. .

They were really surprised as to the amount of space inside the bus.

They talked about the amount of work that needs to be done to make the bus a bright and cheerful place to work. They took photos to look over at their next meeting to help them make decisions.

They all thought that having tables to work at upstairs would be a good idea, Especially for reading time, and small groups of pupils to work there, and maybe some space left open downstairs.

They also thought that having a 'Bus Suggestion Box' in school for a few days would be a quick way give other pupils a chance to give their ideas to the school council and maybe come up with a name for the Bus.

The school council will look through all the ideas they receive and make their decisions at their next meeting on 27 April.
